President.

swimming class. We are all graduates of the University of Toronto with the exception of three — one a graduate of the Conservatory of Music — one a member of the teaching staff of the University and the third at present working in the University.

We have made all arrangements with Mr Corson and we find it is now necessary to have your permission to use the tank in the Lillian Massey Building. We would prefer to have it on Wednesday evenings.

Awaiting your earliest convenience in this matter I am

yours sincerely

Kate S. Hart

Miss Hart,

8 Hoskin Avenue,

Toronto.

Dear Miss Hart:

We have had some difficulty this year in regard to allowing the use of the swimming-pool, and we have found it necessary to restrict its use almost entirely to university students. However, in consultation with those in charge of the Physical Department I find that it is possible to allow a number of graduates of the University and those connected with the University to have swimming on Wednesday evenings if you can make arrangements with Mr. Corsan. It is necessary, however, to confine the privilege to those who are either graduates of the University or engaged in the University. Also a list of the names should be sent at once to Miss Coventry at the Household Science Building.

Yours sincerely,

President.

F.K.

Jan 9th 1917.

My dear Miss Patterson:

On making inquiries I find that Miss McFaydens name is Miss Carine McFayden. She graduated in 1916 from University College.

I very much regret if I through my

carelessness you
have been put to
any trouble.

yours sincerely

Kate S. Haile.
